ALPINE BAR ENDORSES

HARPER'S CANDIDACY

Alpine, Tex., Feb. 9.—At a meeting

of the Alpine Bar association resolu-

tions were passed endorsing the can-

didacy of Judge James S. Harper for

chief justice of the 10th court of civil

appeals, sitting at El Paso, and of

county, and Judge J. F. McKensie, of

Over 345 miles of highway have been

constructed in Arizona, by the terri-

tory at an average cost of \$2500 per

mile. About 740 miles of road are to be

made into state highways, completing

the great west and west and the north

and south roads.

shape.

Chicago, Ill., Feb. 9.—Labor leaders

are secretly perfecting the formation of

a territorial organization of railroad

shop employees that will include every

road operating west of the Mississippi

river, according to the Record-Herald to-

day.

A meeting to place the finishing

touches on the organization will be held

in Kansas City, March 4.

As soon as the organization is

launched demands are to be made for

a general advance in wages on every rail-

road. It is the aim to unite all the mechan-

ical trades on one railroad, so that concerted

action may be taken when wage demands

are made. Demands will be made on

all railroads in the same territory at the

same time, so that all railroads will be

involved simultaneously if a strike is

called.

Labor leaders say they discovered

the weakness of their former plans dur-

ing the recent disputes with the Harri-

man lines and Illinois Central, and that

the next time they strike it will be on

a broader scale.

The new organization, if consummated

on the line as planned, will embrace more

than 100,000 men.

An Impaired Appetite

Can be tempted and invigorated by a fresh, juicy chop or steak cut from our prime stock of beef, lamb, mutton, veal, etc. St. Anthony never was tempted by any such choice morsel of fat, juicy beef or lamb as we carry in our stock at all times, or he would have succumbed at the first sniff of it.

MATRON ENGAGED FOR TRAVELERS' STATION

Branch of Rescue Work to Be Established at Union Station.

Miss Blanche Gilbert has been employed by the Y. W. C. A. as matron at the union station, and will establish a travelers' aid station in the union station within a few days.

Miss Gilbert has had considerable experience in Mexico as a missionary, and speaks Spanish fluently. The work is a branch of the rescue work that is being organized by the women's associations of the city. The need is very great for a matron at the station, as it has been reported to be simply a clearing house for the white slave traffic, girls being shipped through here to points in the surrounding states.

"A Message From Mars" AT CRAWFORD THEATRE

"A Message From Mars" the great English comedy made famous by

Charles Hawtrey, is the play with which Mr. Albert Taylor, and his able

company are delighting the patrons of the Crawford theatre.

The initial performance last night was witnessed by one of the

largest houses of the season, and indications are that standing room

will be at a premium before the run is over.

This is probably the greatest play Mr. Taylor will present during

his four weeks' stay in El Paso, and everyone should see it for the

wholesome lesson it teaches, to say nothing of the delightful comedy

which fills the play.

Night prices at the Crawford are: Lower boxes, 50 cents; lower

floor and upper boxes, 35 cents; balcony, 25 cents.

"A Message From Mars" will continue at the Crawford until Mon-

day next. Bargain matinee performances, with prices at ten and twenty

cents, will be given on Saturday and Sunday.
